Grange Wholesale Supply

THE ONLY FARMERS' CO-OPERATIVE

STORE IN CANADA.

R. Y. MANNING, MANAGER.

1893

IMRIE & GRAHAM, Printers, Cor. Church & Colborne Sts.

2
TORONTO, April 1st, 1893.

We expected that our last issue of price lists would have done for the present season, but we have never before had such a demand for them as there is at the present time, and we are compelled to make this extra edition, and we assure you it is a great pleasure to us to be able to thank the farming community in general for their hearty co-operation. We all know that money has been scarce during the past season, and that farmers have been forced to economize as much as possible, but after all our trade advanced at the rate of over \$2000.00 per month, and at the present time we have more enquiries by letter to know how to trade with us, and more new customers than ever before, and to those who are not acquainted with this company we would say that it is a joint-stock company, owned and controlled by some five hundred farmers. They select five directors, who annually appoint their Manager, and he has to give a bond of \$10,000.00 for the honest performance of his duty. If the shareholders receive 6 per cent. per annum on the actual money invested, they will be well satisfied. The accounts are audited yearly by a chartered accountant and every dollar has to be accounted for, so there are no personal purses to fill. The goods are to be bought as much as possible direct from the manufacturers, and given direct to the consumer, with only the legitimate cost of handling added. To prove to those who are not acquainted with the Company that there is no fraud or deception in connection with it, we got the Grand Association of the Patrons of Industry, and also the Dominion Grange when in session here to appoint committees to investigate our stock and our mode of doing business, and to report back to their meetings what they thought of the Company. After the matter had been fully discussed by the delegates in general, the following reports were passed and signed by such names as are of themselves a guarantee of justness, and which we are proud to have as our supporters. We give you the reports, and solicit your hearty co-operation.

TORONTO, March, 1893.

We, your committee appointed to visit the Grange Wholesale Supply Co's Store, beg leave to report, that having done so and enquired into the principles on which they conduct business, we are

of opinion that the principles are just and equitable, and that the prices and quality of the goods for sale are such that we consider said Company worthy of the support of all who are desirous of enjoying the benefits of co-operation.

Signed,

JAMES SKEOCH,	-	-	-	-	Corunna.
JAMES P. PALMER,	-	-	-	-	Fenelon Falls.
ROBERT CURRIE	-	-	-	-	Wingham.
GEORGE HOOD,	-	-	-	-	Sunshine.

The foregoing is the report of the committee appointed by the annual meeting of the Dominion Grange to visit and report to the meeting held in Toronto, March, 1893.

R. WILKIE.

Secretary.

REPORT OF SPECIAL COMMITTEE APPOINTED BY THE GRAND ASSOCIATION OF PATRONS OF INDUSTRY, *re* GRANGE SUPPLY STORE, 35 COLBORNE ST., MANAGED BY R. Y. MANNING, ESQ.

Your Committee visited the store this morning, was conducted through the different departments by the Manager, shown the goods and the manner of doing the business, which your Committee feel satisfied is the proper and safe one, placing in the hands of the consumer at the lowest possible price, all goods needed for consumption.

And after examining quality and price lists, your Committee have great pleasure in recommending all members of P. of I. and farmers generally to give this Supply Store a trial, which we believe will result in profit to purchasers and a continued patronage to the store.

All of which is respectfully submitted.

JOHN MILLER, *Chairman.*

Moved by J. Johnston, seconded by J. N. McCoy, That after hearing the Report of the Committee to wait on Mr. Manning to report as to his mode of dealings with the Patrons of Industry, be accepted and adopted, and that a report and its adoption be presented to Mr. Manning for his benefit.

L. A. WELCH, *Grand Sec. Treas.*

C. A. MALLORY, *Grand Pres. P. of I.*

TO THE MANITOBA AND N. W. PATRONS.

We have received many pleasing testimonials from our customers all over your country as to the benefits derived from buying from us. We would recommend Farmers joining lodges whenever they can and sending in their orders together. The larger the order the less the freight in proportion.

But where there are no lodges, any Farmer may send his order direct, and we will ship him goods at the same price as to Lodges. Cash will have to accompany all such orders. We will allow you 3% off our list prices on all orders of \$10 or over. Your esteemed orders shall have our prompt attention.

In sending in grain consign all cars to Grange Wholesale Supply Co. (Ltd.), Toronto, to hold at North Bay for further orders, and send sample and freight bill direct to us, and on receipt, if requested, we will remit you one half value for car and balance as soon as we can get returns. Our commission is one cent per bushel. We will do our utmost to guarantee satisfaction.

Indian Head, March 8th, 1893.

GENTLEMEN,—Goods unpacked to-day; everything just splendid. We are more than pleased.

Yours very truly,

F. G. MARWOOD

In Reference to Freight.

We have been asked by Secretaries all over to prepay freight as they find it very difficult to levy freight on goods after they arrive, and as we know the Secretaries have trouble enough, we will try and lessen it all we can, and now we will pay freight on all orders of ten dollars and upwards, excepting coal oils, as far north as Gravenhurst, east as Kingston, west as Sarnia, or we will allow 3 per cent. off orders taken from the warerooms or shipped to outside points.

In Reference to Consignments.

Our trade in this direction has increased very much during the past year, and as we have a splendid city custom, we are in a position to place your produce, such as butter, eggs, poultry, hogs etc., directly in the hands of the consumer with but very little expense to the producer, and at the highest market prices. Often we are asked

the price of butter etc., but would say that the markets vary from day to day, and so much depends on the quality that it is almost impossible for us to tell, but we will do the very best we can with your consignments, and will remit you promptly. Always notify us what you send, and your Post Office in shipping, as some unclaimed consignments still stand on our books. Do not scald or draw your fowl; leave the heads and feet on; have the crop empty when killed, and do not pack until the animal heat is out of them.

Eggs should be sent in cases. We will supply cases to hold 30 dozen for 45c. each, and 49 doz. for 60c. each.

Send butter in one pound rolls, crocks, or tubs whichever suits you best, but never send us tub butter made over in one pound rolls, as we can do better for you in the tubs, and save you the trouble of working it over. The main point in sending consignments is to have them first-class, and the customers will always enquire for them.

Thamesville, March 17th, 1893.

GENTLEMEN,—Statement of sale to hand and very much pleased with sale; made at least 20% by sending them to you. Please send me a catalogue.

JAS. CRUIKSHANKS.

Instructions in Ordering Goods.

An order blank and addressed envelope will be found in every catalogue. Please use them in ordering. A new order sheet and envelope will be sent with invoice.

In writing order put only one item on each line and carry out prices in extension column. It helps to identify article wanted. Most articles have number, please give the number.

Be sure and write name and address in space devoted to same and when goods for a lodge are shipped to different parties always state "charge to——" Secretary's name, and advise us when ordering if secretaries have been changed.

Small packages can be sent by post, but are absolutely at purchaser's risk. The postage for parcels is 25c. per pound. Sample post is cheaper, but P. O. regulations do not allow article of value to go by parcel post.

TERMS.

Our terms are **PROMPT CASH** unless you have a standing credit on the books of the Co. when you will be allowed time to open and inspect goods, but in no case will we allow over 30 days from date of invoice, and eight per cent per annum will be charged on all over due accounts without notice or rebate.

We must thank our customers in general for prompt remittances.

All money orders payable at par in Toronto. Out of town cheques cost twenty-five cents.

Send money by P. O. order, registered letter, draft or express.

Teas.

We are always pleased to receive your order for Teas. The wonderful increase in our sales, as well as our extended experience in buying and judging Teas, leads us to believe that they are suiting our customers well. We have in stock, and are prepared to send you almost any Tea you may wish for. We guarantee them this season's picking. They are equalled by few, and surpassed by none.

We have Tea Siftings at 12c. per lb.; Japan Teas from 18c. to 45c.; Young Hysons from 25c. to 55c. per lb.; Black Teas, Assams, Congous, Indian Pekoes, at from 20c. to 60c. per lb.; Gunpowder from 40c. to 60c. We recommend very highly our Japan, at 25c.; our Special Blend, at 30c.; and our Blacks at 40c. and 50c. per lb.; and our Indian Tea, at 40c. We are giving special attention to our Teas, and we will always send you the best value possible, and any Tea not to your satisfaction may be returned at our expense.

We hope to have the patronage of every farmer who believes in co-operation.

THE SECRET OF A GOOD CUP OF TEA.

1st—Rinse out tea pot with boiling water so as to thoroughly warm it.

2nd—Put in the tea, pour on boiling water, (be sure that it is boiling).

3rd—Put tea pot on back of the stove for a few minutes—be sure it does not boil.

If you follow closely the above directions and use "Our Teas" a delicious beverage will be the result.

HOLLY, Mar. 21st, 1893.

R. Y. MANNING, ESQ.,

Dear Sir,

The order of tea (110 lbs.) you sent us has given entire satisfaction. Please ship this order as soon as possible.

Yours respectfully,

G. THOMPSON.

Sugars.

We will only quote you the best Sugar to be had. We will not keep inferior quality at any price, for the sake of appearing to sell cheap. We quote by the barrel; in less quantities than barrels, we put in cotton bags at 20c. each, and charge same price as by the barrel. We quote you to-day's prices, freight paid to your nearest station, according to advertised regulations.

No. 1 Granulated.....	at \$5.00
Light Refined.....	at 4.00
Pulverized.....	at 6
Icing.....	at 7
Cut Loaf.....	at 6½

We ship tons of Sugar in bags, and it carries apparently as well as in barrels. A barrel holds about 300 lbs., a bag 125 lbs. We could not pack Sugar by the dollar worth in boxes at same price.

Syrups.

We are sending out immense quantities of Syrup.

Painswick, Feb. 27th, 1893.

Dear Sirs,

You will find here \$36.41 for goods. They arrived in good condition, and gave good satisfaction. That Syrup, (4c. per lb.) was just lovely.

MOSES ROBINSON,

Sec. P. I.

We quote Syrup by the ½ barrel. In less than ½ barrels we put in pails at ½c. per lb. extra. Golden Syrup in two lb. tins, 12c. each. Golden Syrup, or Sugar Drips, 4c. per lb. This is an excellent table Syrup. Our XXX table Syrup at 3c. per lb. is well flavoured and a

great seller. Our XX Syrup at $2\frac{1}{4}$ c. is used by many on the table, and is excellent value. Choice New Orleans Molasses at $2\frac{3}{4}$ c. per lb. A $\frac{1}{2}$ -barrel holds about 300 pounds. No charge for $\frac{1}{2}$ -barrels. A 1 gallon pail (Imperial) for Syrup would cost you 20c.; a 2 gallon pail, 25c.; a 3 gallon pail 30c.; a 5 gallon pail, 40c. A wine gallon of Syrup weighs 10 lbs.; an Imperial gallon, 13 lbs.

Boots and Shoes.

These have been made during the winter expressly for us through our order given last fall, and we believe them to be the best value we have ever seen. NOTE—To any lodge in good standing, we will send you on approbation as many pair as you would like to see freight paid, with other goods amounting to \$10.00, on condition that what you don't keep **you will return to us in good condition within ten days from receiving them.** We do this so that you may see the quality and style of the boot, as well as to get what will fit you.

DEPARTMENT OF AGRICULTURE.

TORONTO, Mar. 17th, 1893.

GENTLEMEN,—We have been using MYERS' SPICE during the present winter with both cattle and sheep. It seems to be equally valuable for both. I noticed especially the benefit on a lot of yearling rams. The change in their appetite and appearance was easily perceived after the *first week* or *ten days* feeding, and they have steadily and rapidly gained since.

Yours very truly,

(Signed.) JNO. DRYDEN.

MESSRS. MYERS & Co., Toronto.

TO THE STOCKHOLDERS OF THIS COMPANY.

MESSRS,

It is always encouraging to the Directors and Management to have you take an interest in and support the Company. We know that there are many of you do not now require to order goods from us, but we will always be glad to hear from you, and would be glad to see you at any time, especially at the annual meeting which will be held about the 10th of June, due notice of which will be sent you later.

Since we issued our last fall's catalogue trade has been very satisfactory, and present prospects for a big trade this spring were never better.

Through the increase in the amount of trade done during the past season, we are now offering to deliver goods, freight paid, to our patrons, which seems to give general satisfaction. Any changes which you might suggest as an improvement in the management of the company will be thankfully received and laid before the directors.

Yours truly,

GENERAL REMARKS.

We are the hub or great centre for Farmers' Supplies and are attaining a position and trade worthy of the farming community which we represent. Our trade, since we issued our last catalogue, has increased very much, and at the time of writing this our prospects for a big trade have never been so good. We have more orders by to-day's mail than our present staff of clerks can attend to, and we have never had such a constant enquiry for our price list before. When you are comparing prices don't forget the quality of our goods. We guarantee all goods to be right, and if they are not as represented they can be returned at our expense. We will break bulk and ship in any quantity, but try and make your orders as large as possible and we will do our best to give you satisfaction.

We are pleased to have the reports that are in the front of this catalogue to present to those who are unacquainted with us read them, note who, and where they come from, and excuse us if we do feel a little pride in having such reports given us from such people, and are they not enough without any solicitation from us to cause every farmer to co-operate with this company.

Did you ever notice how often some firms in their catalogues will keep drawing your attention to certain goods, especially teas, and will keep drumming at you on every other page to try a 5 lb. caddie, etc. Now our goods are all right, and our tea is just as good as though we kept telling you about it all the time. We would never stop if we had to tell you all the excellencies of our goods. We could print a volume of good testimonials received from our customers.

NOTE.—We can send you pure Paris Green in 100 lb kegs at 16c. per lb. single lbs. 18c.
